PHILOGEN SPA ANNOUNCES PARTICIPATION TO THE “PEGS BOSTON – THE ESSENTIAL PROTEIN ENGINEERING SUMMIT (2017)”, MAY 1-5, 2017, BOSTON, USA

[Philogen S.p.A.](#) and its fully owned subsidiary [Philochem AG](#), announce their participation to the “[PEGS Boston – The Essential Protein Engineering Summit 2017](#)” that will take place at the Seaport World Trade Center in Boston on May 1-5, 2017.

The five-day congress will gather more than 2000 participants and more than 100 Exhibiting Companies. The conference will cover areas like biologic drug development, protein and antibody engineering, immunotherapy, oncology, immunogenicity, and therapeutics. Moreover, the summit will provide an exclusive networking opportunity for biopharma researchers and industry representatives.

**Prof. Dr. Dario Neri**, Swiss Federal Institute of Technology Zurich, co-founder and Chairman of the scientific advisory board of Philogen, will give a talk with the title “[Antibody-cytokine fusion proteins for the treatment of cancer and of chronic inflammatory](#)”. The presentation is scheduled for Friday, May 5 on the “*Antibody-Drug Conjugates II: Advancing Toward the Clinic*” section.

### **About the Philogen group**

Philogen is a clinical-stage biotechnology company engaged in the discovery and development of novel biopharmaceutical products. Philogen’s strategy is to deliver bioactive agents, for example cytokines or drugs to the site of disease using antibodies and ligands that specifically and efficiently target stromal antigens. This technology has generated a strong proprietary pipeline of clinical-stage products and also pre-clinical compounds in an array of disease indications. Philogen is headquartered in Siena, Italy, and has research activities at its subsidiary company Philochem in Zürich, Switzerland. Philogen is independently owned, and has signed agreements with several major pharmaceutical companies. For more information, please visit [www.philogen.com](http://www.philogen.com)
